\* The screen examples above are from the WeatherSTEM page for Leon County in Florida (https://leon.weatherstem.com), but these same steps work for any of the WeatherSTEM locations.

- 1 Click the "Login" link in the upper-right corner of the WeatherSTEM page for your county.
- 2 Click the "Get Registered" link near the botton-center of the Login panel.
- 3 Fill in the registration form, and click "Submit." You will receive a confirmation email. Click the link in the email. Your browser will open to the WeatherSTEM Login page.
- 4 Enter your information in the Login page and click "Sign In." Once signed in, notice how you have new options on the top bar, including a "Personalize" link. Click this link to begin the process of creating a new weather alert.
